CERTIFICATE OF DEPOSIT - FIXED RATE

Compounding and Crediting.

Interest on your Certificate of Deposit is compounded monthly unless you elect to have interest paid in one of the following ways: (1) Paid monthly into a separate Savings Account at the Bank; or (2) Paid to you monthly by check. Interest will be credited on a monthly basis.

Minimum Balance Requirement.

You **must** deposit \$10,000.00 to open this Certificate of Deposit, which is the minimum balance that must be maintained.

Balance Computation Method.

We use the daily balance method to calculate the interest rate on your Certificate of Deposit. This method applies a daily periodic rate to the principal in the account each day. The daily periodic rate is $365/365$ — or $366/366$ in a leap year — of the interest rate.

Accrual of Interest on Non-cash Deposits.

Interest begins to accrue on the business day you deposit funds. **NOTE:** Checks deposited after 4:30 p.m. will begin to accrue interest on the next business day.

Transaction Limitations.

After the Certificate of Deposit is opened, you may not make deposits into or withdrawals from the Certificate of Deposit until the Maturity Date.

Early Withdrawal.

If you withdraw the principal before the Maturity Date, a penalty may be charged against your account:

- Certificates of three (3) months to eleven (11) months may have a penalty of 45 days interest charged against your account.
- Certificates of one (1) to four (4) years may have a penalty of 90 days interest charged against your account;
- Certificates of five (5) years or more may have a penalty of 180 days interest charged against your account.

If the amount of interest payable on your Certificate of Deposit as of the date of the early withdrawal is less than the amount of the early withdrawal penalty, the Bank may deduct the remainder of the early withdrawal penalty from the principal balance of your Certificate of Deposit prior to payment.

Renewal Policy.

Your Certificate of Deposit will be renewed automatically on the first **business** day after the Maturity Date. Both principal and interest will be reinvested unless you elect to have interest disbursed (see above). The term for the renewal will be the same length as the previous term of your Certificate of Deposit, if offered. If the term is no longer offered then the next closest term will be used. The interest rate for the renewal is the rate offered by the Bank on the date of renewal for the amount and term of the renewed Certificate of Deposit.

Grace Period Transactions.

You may make a deposit, withdrawal, or change in the length of the term during the grace period. The grace period is seven (7) calendar days after the Maturity Date. The grace period ends the day you make a withdrawal or a deposit. If the grace period ends on a weekend or bank holiday, you may make a withdrawal or deposit through the first business day after the grace period ends. The interest rate paid during the grace period is the rate offered on the Maturity Date for the amount and term of the Certificate of Deposit.

VARIABLE RATE SAVINGS ACCOUNT ("SAVINGS ACCOUNT")

Rate Information.

* **Change in Interest Rate and Annual Percentage Yield:** The interest rate paid and the annual percentage yield on your Savings Account may change at any time from time to time at the banks discretion without notice. There is no limitation on the amount the interest rate and annual percentage yield may change. The Bank uses the National Rate as a simple average of rates paid by U.S. depository institutions as calculated by the FDIC.

Compounding and Crediting.

Interest will be compounded on a daily basis. Interest will be credited to your Savings Account on a monthly basis. However, if you close your Savings Account before interest is credited, you will receive the accrued interest to the date you close your Savings Account. **230.4 (b) (2)**

Minimum Balance Requirements.

You must deposit \$500 to open a Variable Rate Savings Account, which is also the minimum balance that must be maintained in order to earn the stated Annual Percentage Yield and Effective Interest Rate. Interest is calculated and earned until the day the balance drops below \$500.00

Balance Computation Method.

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the end-of-day principal in the Account each day. The daily periodic rate is 365/365 – or 366/366 in a leap year – of the interest rate. **230.4 (b) (3) (ii)**

Accrual of Interest.

Interest begins to accrue on the business day you deposit your funds. **NOTE:** Checks deposited after 4:30 p.m. will begin to accrue interest on the next business day.

230.4 (b) (3) (iii)

Withdrawals.

You may make four (4) withdrawals per calendar month. For each subsequent withdrawal you will be charged a fee of \$5.00. **NOTE:** The maximum total withdrawals are six (6) per month. The Bank reserves the right to require at least thirty (30) days' written notice prior to any withdrawal or transfer. **230.4 (b) (6)**

FUNDS AVAILABILITY POLICY

THE TYPES OF CERTIFICATES AND SAVINGS ACCOUNTS THAT CENTENNIAL BANK OFFERS ARE NOT SUBJECT TO FEDERAL REGULATION "CC" EXPEDITED FUNDS AVAILITY ACT.

THE STATE OF CALIFORNIA HAS A SIMILAR LAW FOR EXPEDITED FUNDS AVAILABILITY. UNDER THIS LAW OUR TIME CERTIFICATES OF DEPOSIT ARE EXEMPT BUT OUR SAVINGS ACCOUNTS ARE COVERED.

THEREFORE THE FOLLOWING IS OUR FUNDS AVAILABILITY POLICY FOR OUR SAVINGS ACCOUNTS.

For determining the availability of your savings account deposits, every day is a business day except Saturdays, Sundays and federal holidays.

Longer delays may apply in certain circumstances as provided by law.

In some cases, we are not able to make all the funds you deposit by check immediately available to you according to regulations. Depending on the type of check deposited, and the amount of the check, funds may not be available until the second business day after the day of your deposit. However, the first \$200.00 of your deposit(s) will be available on the first business day after your deposit(s).

If we are not going to make all your funds from your deposit immediately available, we will notify you at the time you make your deposit and we will tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take action after you leave the premises, we will mail you the notice by the day after we receive your deposit. If you will need the funds from a deposit right away, please ask us when the funds will be available.

In addition, funds deposited by check maybe delayed for a longer period of time under the following circumstances:

1. Checks totaling more than \$5,000.00 are deposited on any one day.
2. Checks totaling more than \$200.00 on any one day deposited to a new account during the first 30 days.
3. We have reason to believe a check will not be paid.
4. You redeposit a check that has been returned unpaid.
5. There is an emergency, such as a failure of communications or computer equipment, or any emergency condition beyond the control of the bank.

We will notify you if we delay your availability to withdraw funds for any of these reasons, and we will advise you when the funds will be available. The funds will generally be available no later than seven to nine business days after the day of deposit unless we have reasonable cause to doubt collectability of the item.

Notwithstanding the above provisions, all items are subject to final collection by the bank.

The regulation does not require a financial institution to accept a check for deposit.
